

## Admissions Policy 2023-2024

<b>Implemented:</b>	<b>September 2011</b>
<b>Next Review:</b>	<b>June 2024</b>

### Purpose

The vision statement of our school encompasses the philosophy “Every Child Matters”. At The Winchester School we are committed to giving all children every opportunity to achieve the highest of standards. This policy helps to ensure that this happens for all the children— regardless of their age, gender, attainment or background.

The Winchester School is a fully inclusive school that aims to develop an environment where all children can feel safe and maximise their potential. We recognise that children learn at different pace and that there are many factors affecting achievement, including ability, emotional stage, age and maturity. We aim to identify these needs as they arise and provide teaching and learning contexts which enable every child to achieve.

This document will provide the guidance to a unified approach in the acceptance and processing of applications for the Winchester School. Admission teams adhere to the procedure and guidelines outlined in this document to ensure premium customer service standards are met or exceeded during the admission and registration process.

### Procedure

The enquiry for admission can be done through the GEMS Education website and the school website. A student’s application will pass through different stages that require a strong partnership of communication, between a parent and the school’s admission team.

### Admission Procedure:

**Registration and admission for the Academic Year starting September is done online through: The Winchester School website [www.thewinchesterschool.com](http://www.thewinchesterschool.com) or the GEMS Education website [www.gemseducation.com](http://www.gemseducation.com)**

Once an online enquiry is made and application is completed by paying application fees AED 500, + AED 25 VAT, child’s name appears on the waiting list. Each child may be asked to take an age-related screening / placement test to determine the right placement of an applicant and to ensure that the child/ren is prepared for the quality of education on offer at The Winchester School. Offer of place is not solely on placement test / meet and greet but finally based on availability of space and their turn on the waiting list. Once this step has been completed, a student may be offered a seat. Students placed on the waitlist will be referred to other GEMS schools or denied due to non-availability.

## Application

Once you fill out the form you will receive the SR (Service Request) Number. Please save a copy of the Receipt for your records. If you cannot print the Receipt page, please ensure you write down the SR Number.

Once you have received your SR Number, next step is to complete the Application by paying the application fee of AED 525/- and it is valid for one academic year. Application fee is not deductible and non-refundable if the school offers the student a place. This can also serve as registration fee for other GEMS Schools based on approval by the Management.

### **Please Note:**

To ensure a productive learning experience for all students at the school, including those with special needs, it is essential that the school and the families work in partnership. This is defined by certain expectations from both parents and school to set the condition for a successful identification and support for the student's performance.

Please share full details of any needs- educational, medical, emotional, physical, psychological

Individual Education Plan (IEPs) and any Educational Psychologist, medical, Pediatric, or other specialist reports (e.g., Speech and Language or Occupational Therapy) if completed. Sharing educational history with us prior to a place being offered is essential so that staff can ensure an appropriate assessment of educational need, educational plan and resourcing is in place.

Students are not refused admission based only on their experience of a special education need or disability (SEND) and we give sibling priority for admission to students who experience SEND. Staff follow KHDA guidance and procedures for scenarios where, very rarely, it may not be in the best interests of the child to be placed in our school. This information will be shared with the KHDA, following expected procedures.

Parents are expected to provide the school with copies of all medical, psychological or educational assessments or reports on entry to the school and at regular intervals as required. Such materials are a prerequisite in enabling us to provide the best education for every child. Failure to disclose any such information including the deliberate withholding of information, may result in your child not making the expected progress in school and hence the placement will be reviewed for the following academic year.

Admission will be confirmed only on submission of all the documents to the School and will be subject to Knowledge and Human Development Authority approval and signing of the KHDA School Parent Contract.
