

THE WINCHESTER SCHOOL, JEBEL ALI

Date: 20th September 2020

Audience: Year 10 students

Venue: Class Room- Virtual Assembly

Title: GEMS CORE VALUES

Presenters / Conductors: 10 F Students

Aims & Objective: To further establish the missions, standards and desired outcomes of GEMS core values.

Summary: The assembly commenced with a brief introduction on the Gems core values by the form Tutor. Followed by the student led assembly wherein the student shared and explained the mission, standards and desired outcomes of the assembly. The assembly ended with a strong speech given by students Diya and Ayyad stating that a core value supplements a bottom line; advocating an informed mindset and regime, that needs to be shared by every member of the school community.

GEMS CORE VALUES
Assembly Conducted by 10F
Hosted by Yousif & Zayn

Importance of the Core Values:

- Supports the communication and value of our school's story - its missions, standards and desired outcomes.
- Establishing those ideals provides the groundwork when moulding the type of atmosphere our school, gems schools in particular, inclines to foster.
- These standards also offer a way of thinking about educational philosophies or initiatives our school supports.

Hence, a core value supplements a bottom line; advocating an informed mindset and regime, shared by every member of the school community.

Leading through Innovation

Speech conducted by Diya & Foyyad

Student/Parent/Teacher Feedback:

"It was indeed a very informative assembly on how these standards offer a way of thinking on educational philosophies or initiatives that our school supports.", says Alia Butt of Form class 10 G.

"These assemblies are very helpful for students to aim high, work further on the importance of values that will help them develop as strong individuals.", says Ms. Chitra, 11G Form tutor.

Organized by: Year 10F
