Date: 12 TH January 2022	Audience: Year 11 students	Venue: Class Room- Virtual Assembly
--	-----------------------------------	--

Title: Digital Citizenship

Presenters / Conductors: 11A Students

Aims & Objective: To further highlight the use of digital technology safely and responsibly.

Summary: The assembly commenced with defining the term Digital citizenship to students that includes appropriate online etiquette, literacy in how digital technologies work and how to use them, an understanding of ethics and related law, knowing how to stay safe online, and advice on related health and safety issues such as predators and the permanence of data. The student leader Mahek also elaborated on how Digital citizenship goes beyond conversations about personal responsibility. She explained It's about being active citizens who see possibilities instead of problems, and opportunities instead of risks as they curate a positive and effective digital footprint. The assembly ended with a pledge to develop positive habits as a digital citizen.

Student/Parent/Teacher Feedback:

"A very well-structured assembly outlining the long- and short-term consequences of their own actions on digital platform", says Aaliyah of 11B.

"A well- planned assembly communicating a clear message necessary for digital consciousness", says Ms. Chitra Form tutor of 11 B.
