

THE WINCHESTER SCHOOL, JEBEL ALI

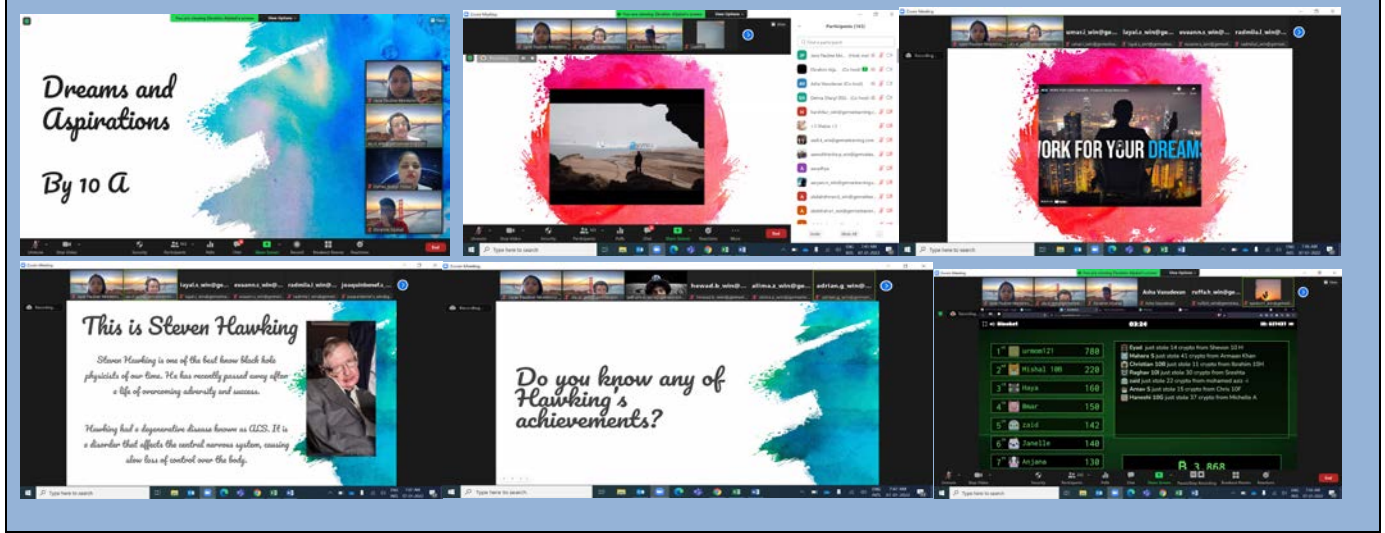

Date: 07/01/2022 **Audience:** Year 10 students **Venue:** Virtual assembly on Zoom

Title: Assembly on Dreams and aspirations
Presenters / Conductors: Students of 10A

Aims & Objective: To create awareness on the importance of dreams and aspirations.

Summary: Year 10 A conducted the assembly on dreams and aspirations. The assembly started by asking the difference between dreams and aspiration. For few students' dreams were related to the visuals they saw when they slept, few spoke about the vision they had for their future. While aspirations were the steps they took to reach their dreams. The presenters emphasised the steps one can take to achieve their dreams, for example breaking down your goals into smaller achievable targets which will help to achieve your dream. A video was shown of how people overcame their challenges to reach their dreams. In conclusion, the assembly emphasized that it is not easy to reach our dreams and one has to face many challenges to reach their dreams. But we should not easily give up on our dreams and work hard towards attaining them.

Pictures / Flyers:

Student Feedback:

"The assembly focused on how one with the ability and the drive to accomplish something, will. They brought up the example of Steven Hawking, a brilliant theoretical scientist, who despite facing numerous adversities is one of the greatest minds of our century." - Raghav Charan 10 I

Teacher Feedback:

The assembly was very informative and was carried out effectively with good student participation. The session was helpful for students to understand the difficulties to reach one's dreams. - Ms. Ayah

Organized by: Ms. Asha and students of 10A
Ms. Jane & Ms. Delma, Head of Year 10
Ms. Amber Bilal, Head of Key Stage 4
