Title: International Forest Day 2022		
Presenters / Conductors: Student Leaders of Year 10		
Aims & Objective: To raise awareness about the restoration and sustainable management of forests.		
Summary: Year 10 celebrated International Forests Day on 21st March 2022. "Forests and sustainable production and consumption" is the theme of the International Day of Forests 2022. The United Nations General Assembly proclaimed 21 March the International Day of Forests in 2012. This day is celebrated to raise awareness about the importance of all types of forests. The presentation on International Forests Day was led by student leaders in every class and they emphasized how restoration and sustainable management of forests can help address climate change and the biodiversity crisis. Students were engaged in meaningful interactions and discussions and shared that it is very important to spread awareness about the conservation and protection of forestry as Forests are immensely valuable to our community.
