

THE WINCHESTER SCHOOL, JEBEL ALI

Date: Tuesday 8th March 2022

Audience: Year 7

Venue: Virtula and classroom

Title: Security & safety practices in Gems Winchester School

Presenters / Conductors: Pehal Kundra, IO Karamchandani

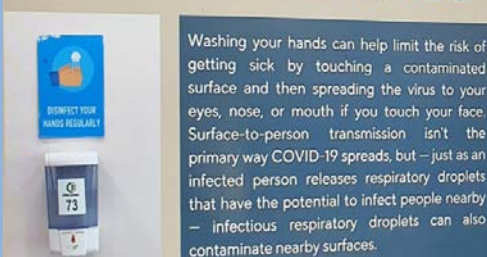

Aims & Objective: To create awareness among students and provide information related to the security & safety practices in an organization.

Summary: On 8th March 2022, Year 13 BTEC IT students conducted assembly for year 7 about Safe working practices and procedures in Winchester School. Students explained how school operations are done keeping health, safety and welfare of students as high priority. Mr. Thaha explained procedures in case of fire and other emergencies for evacuating school premises. Students also emphasized on importance of first aid training in case of accidents and medical treatments. They mentioned about important things like safe crossing road, blocking harmful sites for safety and security of children along with covid protocols.

Pictures / Flyers Etc.:

WASHING YOUR HANDS

Washing your hands can help limit the risk of getting sick by touching a contaminated surface and then spreading the virus to your eyes, nose, or mouth if you touch your face. Surface-to-person transmission isn't the primary way COVID-19 spreads, but – just as an infected person releases respiratory droplets that have the potential to infect people nearby – infectious respiratory droplets can also contaminate nearby surfaces.

FIRE SAFETY

Fire safety in schools refers to precautions taken to prevent or reduce the likelihood of a fire that could end up in death, injury, and property damage at school. Fire safety measures must be used as early as the construction of a school.

ROAD CROSSING

A pedestrian crossing is a place designated for individuals to cross a road. Our school keeps security that helps us cross the road.

Signalised pedestrian crossings clearly separate when each type of traffic (pedestrians or road vehicles) can use the crossing.

Student/Parent/Teacher Feedback:

This was an excellent opportunity to learn about different safety practices followed in school.

Organized by: Ms. Richu Sreedevi
