

THE WINCHESTER SCHOOL, JEBEL ALI

Date: Thursday, 10 February 2022

Audience: YEAR 7 students and teachers

Venue: Zoom, Pheonix classroom.

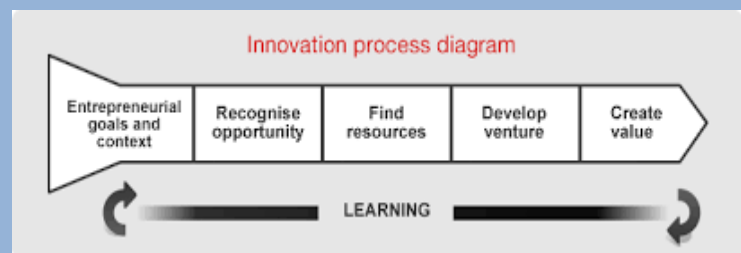

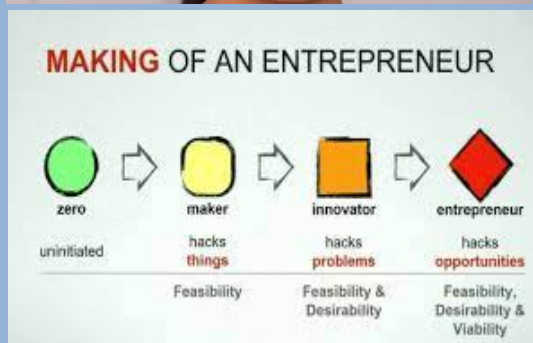

Title: Innovation and entrepreneurship

Presenters / Conductors-: YEAR 7F students

Aims & Objectives: To enlighten students on innovators and entrepreneurs

Summary: Assembly aimed to bring awareness about innovators and entrepreneurs' tremendous impact on development, exploration, trade, education, science, and integration. Students focused on the fact that During the 20th century, innovation and entrepreneurship have been regarded as key drivers in technological progress and productivity development worldwide. New radical innovations from new fields of knowledge such as information and communication technologies and biotechnology have emerged to influence everyday life for most people. Students made role play, poems, and presented a video about innovators and entrepreneurs. The assembly ended by conducting a quiz and giving students and teachers feedback. It was a highly informative and interactive assembly.
