

THE WINCHESTER SCHOOL, JEBEL ALI

Date: 29th September 2022

Audience: Foundation Stage Parents

Venue: FS Area, canopy area, Soft Canopy and Garden area

Title: Foundation Stage 2 Science Day

Presenters /Conductors: Foundation Stage 2 Teachers

Aims & Objective: To ignite an interest in science, inspire students, to perform new experiments.

Summary: The FS corridors and FS Area were transformed into four seasons. Children and parents were encouraged to do lots of hands-on activities like making perfume out of lemon leaves, salt painting making lemonade to beat the heat, etc. All the activities were co-related with the other areas of learning. Getting messy and seeing reactions up close was pure magic for the tiny tots.

Pictures / Flyers Etc.

Parent/Teacher Feedback: Ms. Swati, Parent of Viraaj from FS2 J said, "It was a fun filled day with amazing activities that were enjoyed by all."

Ms. Ann Maria Antony FS2 J Form tutor said, "The event was a huge success and parents and children enjoyed exploring all the activities."

Organised by: FS2 Teachers and Learning Partners
