THE WINCHESTER SCHOOL, JEBEL ALI

Date: 21.10.26	**Audience:** FS Children	**Venue:** Respective Classrooms

Title: Day of AI
Presenters / Conductors: Foundation stage teachers and learning partners

Aims & Objective: To introduce children to AI and encourage their curiosity, creativity, and interest in technology through fun and engaging activities.

Summary: Our FS children celebrated Day of AI through a range of fun and engaging hands-on activities designed to introduce the concept of Artificial Intelligence. Through the Code the Robot activity, children explored simple coding using directional arrows, developing their problem-solving and logical thinking skills. Children also watched videos illustrating how robots can help people with everyday tasks, encouraging imagination and critical thinking. These meaningful activities sparked curiosity and introduced children to the exciting world of AI through play-based learning.
