Title: Dyslexia Awareness Day
Presenters /Conductors: Teachers of Year 1 and 2

Aims & Objective: To develop students' understanding of dyslexia in an age-appropriate and positive way. The event aimed to promote inclusion, empathy, and respect by helping students understand that everyone learns differently and has their own unique strengths and talents.

Summary:

Dyslexia Awareness Day provided students with an opportunity to learn about different ways of learning and the importance of inclusion. After watching an age-appropriate video, students participated in guided discussions and shared their thoughts about individual differences, learning styles, and personal strengths. Students then demonstrated their understanding through drawing and writing activities. As part of the "Super Strength Stars" activity, each child created a star and represented a special talent, strength, or quality that makes them unique. The stars were brought together to create an Inclusion Class Mural titled *"We All Shine in Different Ways."* The activities encouraged students to celebrate differences, show empathy towards others, and recognize that everyone has unique strengths that contribute to the classroom community
