Title: International Day of Charity

Presenters/ Conductors: Students and teachers of Year 3

Aims & Objective: To raise awareness among students about the UAE's contribution to this day and the first SDG goal, while encouraging them to find ways to help others in their community.

Summary: The Year 3 students celebrated International Day of Charity on September 4, 2025. The celebration highlighted the very first Sustainable Development Goal—No Poverty—emphasizing the importance of helping those in need. The event aimed to instill important values such as empathy, responsibility, and active citizenship, showing students how their actions can positively impact their communities. The day also honoured Mother Teresa for her lifelong dedication to serving the poor. As part of the activities, students created posters to raise awareness about the importance of charity and reflected on how they, too, can play a role in making a difference.
