THE WINCHESTER SCHOOL, JEBEL ALI

Date: 05/10/2026	**Audience:** Leaders and students	**Venue:** FS Area

Title: Aim High Summer Programme- Presentation

Presenters /Conductors: Students of Year-1 to 6

Aims & Objectives- To keep students engaged in learning during the summer break. It helped students improve their skills and knowledge through fun and meaningful activities. The programme also encouraged confidence, creativity, and independent learning.

Summary: On 5 October 2026, the school conducted the Aim High Summer Project Presentations, providing students with an opportunity to showcase their summer learning, creativity, and achievements. Students from Year 1 to Year 6 confidently presented their projects to members of the Heads of Department and Heads of Key stages. The leaders interacted with students, asked questions about their projects, and appreciated their efforts and knowledge. Students enthusiastically explained their work and shared their learning experiences, demonstrating confidence and a clear understanding of their topics. The positive feedback from the leader encouraged students to continue learning and striving for excellence. Overall, the event was a valuable experience that celebrated student achievement while developing confidence, communication, and presentation skills.
