THE WINCHESTER SCHOOL, JEBEL ALI

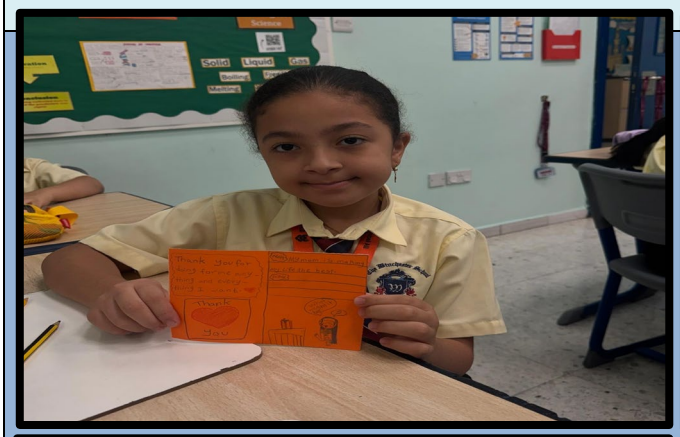
Date: 21st September 2026	**Audience:** Year 4 students and teachers	**Venue:** The Winchester School

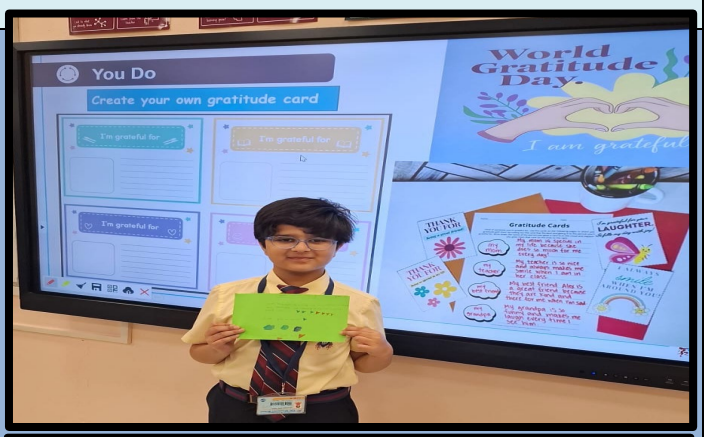
Title: World Gratitude Day

Presenters / Conductors: Teachers of Year 4

Aims & Objective: To remind us of the importance of expressing gestures of thanks and appreciation.

Summary: Our Year 4 students celebrated World Gratitude Day on 21st September by taking time to reflect on the people, experiences, and blessings they are grateful for in their lives. Through engaging classroom discussions and sharing sessions, students expressed their appreciation and listened to the reflections of their peers, creating a warm and positive atmosphere of gratitude. To mark the occasion, they also designed personalised gratitude cards, highlighting the things they value and appreciate most. This meaningful activity encouraged students to recognise the positive aspects of their lives, understand the importance of expressing thankfulness, and develop empathy, positivity, and emotional well-being while strengthening a culture of kindness and appreciation within the classroom.





Student/Parent/Teacher Feedback:

Henrita Lewis (Teacher 4B) - The session not only enriched students' perspectives but also filled the school with a spirit of positivity, compassion, and mutual respect.

Marc Jacob (student of 4C) - This assembly taught me how powerful a simple 'thank you' can be in spreading kindness and happiness."
