**Title:** World Habitat Day

**Presenters / Conductors:** FS Teachers

**Aims & Objective:** To help children understand the importance of maintaining a safe and clean environment, conserving water and energy, and developing a sense of responsibility towards their community and the world around them.

**Summary:** Students celebrated World Habitat Day by learning about caring for their environment through interactive discussions and videos. They explored simple ways to keep their surroundings and classrooms clean, sowing seeds, and collecting trash from outdoor areas. The children shared ideas on protecting our planet and participated in classroom activities. The day encouraged them to become responsible and caring members of their community.
