THE WINCHESTER SCHOOL, JEBEL ALI

Date: 08th October 2026	**Audience:** FS Students	**Venue:** FS Classrooms

Title: World Space Week

Presenters / Conductors: FS Teachers

Aims & Objective: To introduce children to the exciting world of space and help them understand that space exploration teaches us new things about our universe.

Summary: On 8th October, our FS students celebrated World Space Week by listening to stories about space and astronauts, singing space-themed songs, and discussing planets and stars. They also created colorful paper rockets and explored space-related books. These fun activities sparked their curiosity and imagination about the wonders of space.
