THE WINCHESTER SCHOOL, JEBEL A

Date: 8th October, 2026	**Audience:** Year 9 Students and teachers	**Venue:** Teams (Online Assembly)

Title: Impact of food waste in Dubai
Presenters / Conductors: Year 9B students and Ms. Manisha Arora

Aims & Objectives: To understand the impact of food waste in Dubai and commit to one realistic personal action.

Summary: The assembly on **Impact of Food Waste in Dubai** organized by Year 9B was informative, engaging, and thought-provoking. Through presentations, facts, and real-life case studies, students highlighted the growing issue of food waste in Dubai and its impact on the environment, economy, and community. A role-play effectively demonstrated how simple everyday habits can contribute to food waste and how small changes can make a significant difference. Students actively engaged the audience through an interactive quiz, helping to raise awareness about responsible consumption and sustainable practices. Practical tips were shared by Ms. Lubna Suhail, the parent of Elham of Year 9B, on reducing food waste at home and in school, encouraging everyone to make mindful choices. Creative visuals and student-led discussions further reinforced the key messages. The assembly concluded with a pledge, where students committed to reducing food waste and promoting sustainable habits in their daily lives. Overall, the session successfully raised awareness, encouraged reflection, and inspired students to take positive action towards building a more sustainable future. **Well done, Ms. Manisha and the students of Year 9B for a creative and impactful assembly. Thanks, HOK3 – Ms. Nirmal and HOY9 – Ms. Trupti for your support.**

Student/Parent/Teacher Feedback:

Lucas: The assembly helped us understand the impact of food waste and the importance of making responsible choices every day.
Shayan: The role-play and interactive quiz made learning enjoyable and showed us how small actions can reduce food waste.
Amber: Working together to spread awareness taught us that sustainability begins with mindful choices and consistent everyday actions.
Ms. Trupti: Year 9B effectively combined research, creativity, and audience engagement to promote responsible consumption and inspire meaningful sustainable action.
