- To use joined handwriting except where other special forms are required.
- Using basic punctuations to mark grammatical boundaries like commas and full stops are used to join and separate clauses; to identify in their writing which is more effective.

## Grammar:

- To identify and use different types of conjunctions for meaning and purpose.
- To introduce children to fronted adverbials by highlighting when they are used in pieces of text or stories.
- To explore figurative language and use it in creating their own poem.

<https://www.learningstreet.co.uk/articles/what-are-fronted-adverbials/>

## Which fronted adverbial?

Can you match the fronted adverbial to each sentence so they all make sense?

Gently,  
Before I go to bed,  
At last,  
Suddenly,  
At the park,  
Every playtime

I clean my teeth.  
The ground began to shake.  
I lost my coat.  
I play football.  
She lifted the sleeping baby.  
I reached the finish line.

Children might be given pieces of card with different parts of a sentence written on them, so that they can experiment with the different ways the sentence could be put together.

It can also be a helpful exercise to give children a word mat of adverbials which are divided into different topics, and then ask them to use this to complete unfinished sentences. For example:

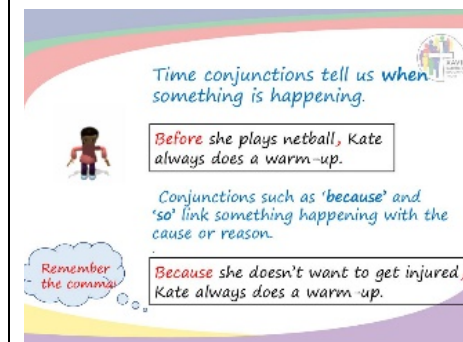

\_\_\_\_\_, there lived a strange creature.

\_\_\_\_\_, Natalie began to cry.

Explore figurative language with your children. Encourage them to give you examples and list them. Ask them when and why do we use figurative language.

<https://www.youtube.com/watch?v=VOaxhxCn-4E>

## Li: I can express time and cause using conjunctions

Time conjunctions tell us when something is happening.

Before she plays netball, Kate always does a warm-up.

Conjunctions such as 'because' and 'so' link something happening with the cause or reason.

Remember the comma! Because she doesn't want to get injured, Kate always does a warm-up.

## Text Level:

### Unit 5: Non-Fiction (Diary)- Holiday Diary & Review Unit 1- Aladdin and the Genie (Fiction)

#### Novel: Charlie and The Chocolate factory

- To read and understand the Novel from the author's point of view.
- To identify the purpose of the text.
- To make predictions about the next part of the story.
- To talk about what the character is feeling from the writer's choice of words.
- To respond to the text.

#### Listening Comprehension: Making Inferences.

**Speaking: Why do the leaves on trees change colour in the fall?**

**Encourage** your child to read Fiction and non-fiction both. **Story Telling: Become** a storyteller and ask questions related to characters, their feelings, different settings and the plot of the story.

**Discuss** the use of language by the author and check children's understanding of the language.

Which Wonka-tastic Challenge will you choose?			
<b>Writing Challenge</b>  <p>Imagine that Charlie kept a diary. Write diary entries about the days leading up to and after his trip to the factory.</p>	<p>Write a newspaper article which gives information about the day of the visit to the factory.</p>	<p>Write a biography for Willy Wonka... where was he born? What was his life like when he was growing up? What amazing adventures has he had throughout his life?</p>	<p>Write a letter from one of the children to Mr. Wonka after their visit to the factory.</p>
<b>Describing Challenge</b>  <p>The Oompa Loompas use words like 'gorge', 'guzzle', 'feast' and 'feast' in their songs to describe one of the children 'eating'. Write a list of any other synonyms for a word?</p>	<p>The Oompa Loompas make up lots of songs throughout the story. Write a rhyming song about one of the characters or your own character.</p>	<p>Charlie's grandparents were 'as shrivelled as prunes' and 'as bony as skeletons'. Write a list of other similes to describe things?</p>	<p>Write some words and phrases to describe chocolate and sweets. Look at pictures for inspiration.</p>
<b>Let's Investigate!</b>  <p>Charlie's house has 'little jets of freezing air' rushing through it. Investigate how houses are insulated to keep them warm and to save energy.</p>	<p>Find out where the ingredients of a chocolate bar come from. Could you plot these on a map? Learn how chocolate is made.</p>	<p>Imagine that you could be sent anywhere in the world by TV. Where would you like to travel to? How else could you travel there and how long would it take?</p>	<p>If someone was given a lifetime supply of chocolate (like the children in the story), what might be the effect on their body?</p>

**Students read and infer from the texts mentioned.**

**Discuss** the use of language by the author and check children's understanding of the language.

**Ask** questions with reference to the text.

**Introduce** your child to classic fiction novels like **Charlie and The Chocolate Factory**. **Discuss** the setting, Characters, Plot, and the author's use of descriptive language.

## Family Learning Newsletter- Year 4, October 2023

	<p><b>Big Write Topics:</b> <b>Descriptive Writing</b> <b>To describe a given setting and character using descriptive language.</b> Novel: Charlie and The Chocolate Factory. <b>Explore descriptive writing</b> based on the novel: The Chocolate Room, Charlie's house, inventory room, golden ticket.</p> <p><b>Moral Education link-</b> <b>Unit 1- Equality and Appreciation</b> <b>1.5 Appreciation and Gratitude</b> Students write poems to appreciate and express gratitude towards the important people who help them in their everyday life using expressive language.</p>	<p><b>Discuss</b> the importance of inculcating and following moral values. <b>Encourage</b> your child to appreciate the big and small things that are done for them and to them by any person in or outside school. <b>Create</b> a card for people around you to appreciate their support for you.</p>	<p><a href="https://wonka.fandom.com/wiki/The_Chocolate_Room">https://wonka.fandom.com/wiki/The_Chocolate_Room</a>  ( Charlie and the Chocolate factory Audio Book) <a href="https://vibrantteaching.com/examples-of-descriptive-writing-for-kids/">https://vibrantteaching.com/examples-of-descriptive-writing-for-kids/</a></p>
<p><b>Numeracy</b></p>	<p>Properties of 2-D shapes and 3- D shapes</p> <p>To identify and investigate properties of common 2-D shapes and 3-D shapes.</p>  <p>To Identify lines of symmetry in 2-D shapes</p>	<p><b>Talk</b> to your child about the different 2D and 3D shapes they see around them e.g., road sign boards, items found in kitchen. Challenge them to classify them based on their similarities and differences. <b>Encourage</b> your child to open an empty cereal box, undo all flaps, check its net, and sketch it on paper. Identify the shapes you have sketched. <b>Challenge</b></p> 	<p><a href="#">Properties of 2-D shapes and 3-D shapes</a></p>

### What is Symmetry?

An object, shape or design can be symmetrical if:

- A line can be drawn through the middle and it LOOKS exactly the SAME!
- The two halves are mirror images of each other.

For example, a butterfly has symmetry. If you drew a line down the middle of the butterfly, both sides would be the same.th

But Lines of symmetry can also be horizontal, vertical, or diagonal.

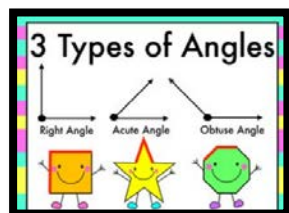

Horizontal means the line goes across the middle from left to right.

Diagonal means the line goes from one corner to another.

Vertical means the line goes from the top to the bottom  
Let's look at some shapes.

To identify acute and obtuse angles in 2-D shapes

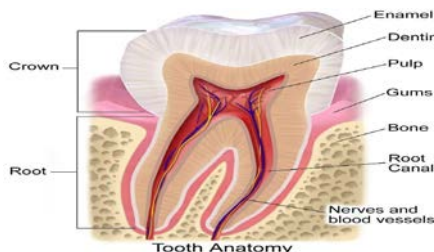

**Talk** to your child about random straight lines across his/her study table to create lots of angles where the tape overlaps.

**Encourage** your child to sit around the table with a marker and ask him/her to classify as many angles as he could. After classifying angles, your child can then move on to measuring them.

### [Symmetry](#)

	<p><b>Challenge:</b></p> <div><p>4a. Match the angles which will still be acute when they are combined.</p><table><tr><td>67°</td><td>56°</td></tr><tr><td>23°</td><td>19°</td></tr><tr><td>75°</td><td>14°</td></tr></table></div>	67°	56°	23°	19°	75°	14°	<p>Here are following different types of angles you will come across:</p> <p><b>Acute Angles</b> – An acute angle is an angle that is less than 90°</p> <p><b>Obtuse Angles</b> – An obtuse angle is an angle greater than 90° but less than 180°</p> <p><b>Reflex Angles</b> – A reflex angle is greater than 180° but less than 360°</p> <p><b>Right Angles</b> – A right angle is 90° and has a small square inside the angle to indicate it is a right angle. The two rays at a right angle are <b>perpendicular</b>.</p> <p><b>Straight Angle</b> – A straight angle is one-half a whole turn and is 180°. It is the angle formed by the rays going in opposite directions.</p> <p><b>Complete turn</b> – A full rotation is 360°. Sometimes referred to as a <b>full angle</b>.</p>	<p><a href="#">Angles</a></p> <p><a href="#">Angles Video</a></p> <p><a href="#">Angles-Games</a></p>
67°	56°								
23°	19°								
75°	14°								
Science	<p><b>Tooth Structure</b></p> <p>To illustrate the structure of the tooth and to explain the functions.</p> 	<p><b>Talk</b> about the importance of the structure of a tooth.</p> <p><b>Share</b> the names of different parts of tooth.</p> <p><b>Encourage</b> them to read about the functions of various parts of the tooth.</p> <p><b>Talk</b> about observing different shapes of teeth in the oral cavity. Discuss about what a tooth could be made of.</p> <p><b>Share</b> your own observations about different shapes of teeth in your mouth.</p> <p><b>Encourage</b> them to explore the reasons of having different shapes of teeth in oral cavity. Encourage them to think about what happens when their tooth breaks.</p>	<p><a href="#">Structure and Types of Human Teeth</a></p> <p><a href="#">Human Tooth Structure</a></p> <p><a href="#">Types of Teeth</a></p>						

	<p><b>Teeth types</b></p> <ul style="list-style-type: none"> <li>To identify the different types of teeth and to explain their functions.</li> </ul> <p><b>Teeth comparison</b></p> <ul style="list-style-type: none"> <li>To know that animals have different kinds of teeth because they have different diets.</li> <li>To compare the teeth of carnivores and herbivores.</li> </ul> <p><b>Tooth decay investigation</b> Investigate the cause of tooth decay and understand the process.</p>	<p><b>Talk</b> about observing teeth of different animals and how they are different from other animals. Discuss the diets of these animals and how their teeth help to chew their food.</p> <p><b>Share</b> examples of animals that eat the same kind of food.</p> <p><b>Encourage</b> them to find similarities and differences between herbivores, carnivores and omnivores.</p> <p><b>Talk</b> about the importance of healthy teeth.</p> <p><b>Share</b> the right practices to care for your teeth.</p> <p><b>Encourage</b> them to read about the effects aerated drinks, sweets and smoking have on teeth.</p> <p>Let them make predictions and search about which foods might be harmful for them and why.</p>	<p><a href="#">Teeth of different types of animals</a></p> <p><a href="#">Tooth decay experiment</a></p>
